

Delivery Device Instructions

AcuPen™

1. Remove the cap.
2. Unlock the device by turning the endcap until the arrows align.
3. Push the end of the AcuPen (the same way you push the end of an ink pen) to dispense 1/8 gram.
Tip: Repeat step 3 as needed if prescribed dosage is more than the amount dispensed in one push.
4. Apply cream **only on the area of the skin directed by your prescriber.**
5. Lock the AcuPen by turning the end cap until the arrows aren't aligned.

Measuring Stick

1. Tap the tube upside down a few times to ensure all the cream is near the opening.
2. Attach the measuring stick to the tube.
3. Squeeze the tube to dispense the cream.
Tip: The plunger of the measuring stick will extend to show how much of the cream is dispensed. Continue squeezing until the correct dosage shows.
4. Detach the measuring stick from the tube and replace cap.
5. Press the plunger down to dispense the cream from the measuring stick.
6. Apply cream **only on the area of the skin directed by your prescriber.**
7. Clean the measuring stick with warm water after each use.

Topi-Click™

1. Remove the cap by placing thumb under extended lip on the cap and pushing upward.
2. Turn the base counterclockwise to dispense 1/4 gram per click.
Tip: Repeat step 2 as needed if the dosage prescribed by your physician is more than the dosage dispensed in one click.
3. Apply cream by rubbing applicator pad **only on the area of skin specified by your prescriber.**
4. Replace cap.
Note: Topi-Clicks are not refillable.

Topi-Pump™ and Sleek Topi-Pump™

1. Remove the cap.
2. Press the top of the pump down completely to dispense 1/2 gram for the Topi-Pump or 1/4 gram for the Slim Topi-Pump.
Tip: Repeat step 2 as needed if prescribed dosage is more than the amount dispensed in one pump.
3. Apply cream **only on the area of the skin directed by your prescriber.**
4. Replace cap.
Note: Topi-Pumps and Sleek Topi-Pumps are not refillable.

How Much Cream Should You Use?

Please refer to this image according to the dosage your prescriber has indicated on your medication. If you have any questions, you can contact our customer service representatives at 888-222-2956.
